

Product Name :
Scientific Calculator

Product Code :
NLAB-EDUSCHOOLEQ73005

Description :

Scientific Calculator

Technical Specification :

Scientific calculator is a type of electronic calculator, usually but not always handheld, designed to calculate problems in science, engineering, and mathematics.

They have almost completely replaced slide rules in traditional applications, and are widely used in both education and professional settings.

In certain contexts such as higher education, scientific calculators have been superseded by graphing calculators, which offer a super set of scientific calculator functionality along with the ability to graph input data and write and store programs for the device.

Features:-

2 line display

Menus

Fraction

Scrolling display

Previous entry

Basic scientific functions

Combines statistics and advanced scientific functions

Conversions

2-variable statistics
