

Product Name :
Action Reaction

Product Code :
NLAB-EDUSCHOOLEQ24001

Description :

Action Reaction

Technical Specification :

Investigate functions of the nervous system with this interactive laboratory activity.

Materials are included allowing students to develop their own personal training programs and to chart the results.

Using a reaction timer, students measure response time to various stimuli including light, sound and touch.

Ultimately, students relate reaction time to general health and mental alertness.

Kit includes: Reaction timer, chart, game board and pieces, pack of activities and Teacher's Guide
