

Product Name :
Automatic Power Operated Pipe Bending Machine

Product Code :
NLAB-MACHINELABWK25009

Description :

Automatic Power Operated Pipe Bending Machine

Technical Specification :

Automatic Power Operated Pipe Bending Machine .

A Simple robust and semi AUTOMATIC POWER OPERATED PIPE BENDING MACHINE Suitable for fabrication work required in various industries. Also pipe in manufacturing pipe furniture & Scooter, Motorcycles and Moped Accessories.

The machine is driven by 2 H.P. Motor through a Redicon reduction gearbox & can bend pipe to various angle Bending capacity up to 1.1/4" Diametar & Swg. The machine is easy to set and operate. The operation is fully automatic and is precisely controlled by electrical relays. As soon as operation is over the machine comes back to the original position for reloading and hence is safe to operate.

Working Plate
Water Brown Reducer Gear Box
Reducer Gear Box
Bending Arm Speed
Bending Capacity 80kg
Working height
