

Product Name :
Bifilar And Trifilar Apparatus

Product Code :
NLAB-MECHANICALAB240003

Description :

Bifilar And Trifilar Apparatus

Technical Specification :

Bifilar And Trifilar Apparatus: In a bifilar suspension, the pendulum body is suspended over two threads. The pendulum body oscillates in a plane purely transversally without rotation. This kind of pendulum can be considered as a mathematical pendulum. In a trifilar suspension with three threads, the pendulum body is set in a torsional vibration. The torsional vibration can be used
