

Product Name :
Bio Medical Waste Bin 16 Litre

Product Code :
NLABMEDICAL-M3580001

Description :

Bio Medical Waste Bin 16 Litre

Technical Specification :

The Bio Medical Waste Bins are manufactured to give the best opportunity to eradicate all forms of wastes and garbage in hospitals and in all medical facilities. At GPC, you will be amazed to see the broad assortment of Bio Medical Waste Dustbin known for superior quality and unique design. Each product is passed through several testing processes before being given the shape of a bin. Today bio medical waste bins are used across a wide spectrum to provide a better sanitation and hygiene in the environment. The medical dustbins are one of the commonly used products in the health and sanitation environment and as the name suggests, are mostly used in hospitals, dispensaries and health centres. Today health and hygiene play a very important role in everyone's life and to evade the degradable and waste is quite a pre-requisite especially in hospitals, nursing homes and in other health facilities where various germs get accumulated quite easily. To keep the area clean and free from germs, the quality standard medical dustbins play a major role to a large extent.
