

Product Name :
Biology Lab Cauliflower Cloning Kit

Product Code :
NLAB-EDUSCHOOLEQ13004

Description :

Biology Lab Cauliflower Cloning Kit

Technical Specification :

Plantlets, which should be visible in 6-8 weeks, can later be transplanted into compost and grown-on.

The process is relatively quick and simple and no special facilities are required.

Suitable for GCSE and higher level.

This kit provides the media, equipment, and instructions for propagating small cauliflower plantlets from cauliflower curd, by the process of meristem culture.

Sufficient for up to 10 students or groups.
