

Product Name :
Biology Lab Microbe Scavenger Hunt

Product Code :
NLAB-EDUSCHOOLEQ26005

Description :

Biology Lab Microbe Scavenger Hunt

Technical Specification :

The specially formulated gel, which requires no autoclaving or special equipment, makes it easy for students to design experiments that explore the subvisible world around them, collecting and identifying a wide variety of microbes.

Hunt for various kinds of micro organisms - including bacteria, fungi, and protists, in water, air, soil and even food, employing a ready-to-use growth media.

The investigation also includes a dichotomous key to molds, bacteria, and protists; a specially formulated dried Microlife Mix that allows you to explore the diversity of pond organisms; and a guide to appropriate viewing techniques.
