

**Product Name :**  
Biology Lab Mitosis Simulation Investigation

**Product Code :**  
NLAB-EDUSCHOOLEQ18017

**Description :**

Biology Lab Mitosis Simulation Investigation

**Technical Specification :**

An easy, graphic way to visualize the process of mitosis.

Learn about chromosome function and structure by constructing models using coloured pop beads.

Students will then use these "chromosomes" to model each stage of mitosis.

Additionally, they'll learn to distinguish between plant and animal mitosis.

In the process, they'll gain a better understanding of what happens during cell division.

Class size - 40 students.
