

Product Name :
Chain & Chisel Mortiser

Product Code :
NLAB-MACHINELABWK30014

Description :

Chain & Chisel Mortiser

Technical Specification :

Chain and Chisel mortising machine provided the most rapid method of producing a perfectly clean and true mortise at one stroke by means of the endless chain cutter of chisel. The head stock is suitable counter balanced for smooth and easy work. The table is compound slide for lateral movement by screw adjustment and longitudinal traverse by hand wheel provided with quick action screw clamp for holding the

Maximum size of chain

Maximum size of chisel

timber adjustable stops are provided to control the length and depth of motorised and having the following specifications.

150 mm **Depth of bore**

230 mm **Longitudal table movement**

150 mm **Lateral movement**

3 HP **HP required**

750 x 850 mm **Floor space required**

800 Kgs. **Net weight**

Chisel Mortising Machine

Indigenous make floor model motorised chisel motorising (square holes drilling) machine ideally suitable for making square holes in wooden article such as doors, windows, etc., equipped with 1/2 HP AC 440/3/50 2800 RPM electric motor, starter, tool holder with 19 mm bore, working table size 765 mm x 150 mm having longitudinal travel 300 mm cross travel 115 mm max. travel in vertical direction 425 mm approx. weight 250 Kgs.
