## **Product Name:**

**Dry Friction** 

**Product Code:** 

NLAB-ENGINEERINGLB25002

## **Description:**

**Dry Friction** 

## **Technical Specification:**

Dry Friction Lab Equipments Manufacturer, Suppliers & Exporters Dry Friction .

Specification of Dry Friction

Mechanical friction between two solid bodies

Friction body stationary, support friction surface in a moving carriage

Two friction bodies each with two different surfaces

Three support friction surfaces with a total of four different surfaces

Carriage driven by cable pulley and motor

Two driving speeds via a graduated cable drum

Force measuring unit: force gauge and adjustable air damper

Phone: +91-9896600003

Email: sales@naugralabequipments.com

Force measuring unit height-adjustable

Lines of action of friction force and tensile force always parallel

Adjustable air damper - with damping: Measurement of a mean friction force adjusted by disturbances, without damping: Slip/stick effects measurable

Box to house the components
