

Product Name :
Dual Scope Compact Microscope

Product Code :
NLAB-EDUSCHOOLEQ173045

Description :

Dual Scope Compact Microscope

Technical Specification :

A robust, low-priced battery powered monocular microscope with simple optical glass objectives mounted on a revolving nosepiece.

It comes with a plastic stage with stage clips and a 6-hole disc condenser.

In addition to the traditional bottom light, the microscope is provided with a top light and is thus also suited for observation of surfaces of objects such as leaves, coins, circuit boards, insects etc.

The simplicity of the design makes it a good choice as an introduction to microscopes or as a supplement to the more traditional school microscope. Supplied with a dust cover.

The eyepiece tube is mounted at a 45 degree angle for comfortable viewing and has a wide-field eyepiece with built-in pointer.
