

Product Name :
Electronic Circuit Kit Diode Types

Product Code :
NLAB-SCHOOLABS23006

Description :

Electronic Circuit Kit Diode Types

Technical Specification :

To learn different types of electronic devices including the principles and workings of electric circuits. There are the following activity topics:

Diode Types and Principles (10 Activities)

Semiconductors (6 Activities)

Transistor Types and Related Theories (21 Activities)

Capacitor and Capacitor Principles (16 Activities)

Resonance Theory Rectification (4 activities)

Multivibrator (8 activities)

Resonance (5 activities)

Amplification (9 activities)

Logic Circuit (8 events)
