

Product Name :
Electronic Kit Activities

Product Code :
NLAB-SCHOOLABS16006

Description :

Electronic Kit Activities

Technical Specification :

It is a learning medium that is assembled into an electronic circuit with parts with push buttons. Make circuits easy to assemble and give clear results for experiments.

It is a media for learning science about electronics. There are up to 1,288 assembling circuits, consisting of circuits ranging from simple to hard, such as series, parallel and mixed lamp circuits, circuits. Simple electricity, anti-theft circuit, rain alarm circuit, etc.

There is a printed manual in 4 colors and a description of the circuit can be assembled accurately and precisely

The electronic circuit is operated by batteries, so it is safe and harmless. To learners

Thinking process development media are packed in a cloth bag with a handle for convenient use and storage.
