

Product Name :
Endotracheal Tubes Non-toxic PVC

Product Code :
NLABMEDICAL-M2990001

Description :

Endotracheal Tubes Non-toxic PVC

Technical Specification :

The Endotracheal Tube is intended for oral or nasal intubation and for airway management.

Endotracheal tube plain made from medical grade PVC (Polyvinyl Chloride)

Fitted with standard 15 mm universal connector for attachments to other airway equipment

Graduated markings to display distance from the tip.

Well marked to indicate the size (internal diameter in mm. outer diameter in mm)

Nasoral tip beneficial for both nasal and oral intubations.

Full length Radiopaque line provides accurate placement of ET tube.

Murphy's eye functions as a vent, and prevents the complete obstruction of the patient's airway

Disposable, sterile, single use.

Available size:2.0mm to 10.0 mm
