

Product Name :
G By Free Fall

Product Code :
NLAB-EDUSCHOOLEQ174042

Description :

G By Free Fall

Technical Specification :

Consists of two units, each mounted on a plastic base which can be clamped to a 12 mm diam. retort stand rod. The solenoid unit ensures prompt release of a metal sphere on deenergising. The gate switch unit comprises a hinged steel plate held against an adjustable contact by a small magnet so that by proper adjustment, the plate falls promptly as soon as the falling sphere falls on it. Complete with stand.
