

Product Name :
Gas Welding Machine Unit complete

Product Code :
MU785

Description :

Gas Welding Machine Unit complete

Technical Specification :

Gas Welding Machine Unit complete

Oxygen cylinder, acetylene cylinder, pressure regulators, hoses, gas control valve, welding torch and welding tip. A light duty portable outfit that is extremely popular for general maintenance work, metal sculpture, automotive, repair air conditioning, refrigeration, etc.

Contains all the equipment that needed for cutting, welding and brazing in a rugged surroundings, plastic carrying case.

As supplied, the outfit is capable of cutting to 1" and welding 1/16". Can cut to 6" and weld to 3/8" with larger tips.

The outfit is designed to carry one acetylene cylinder and one oxygen cylinder.

Unique carry tote offers in-line balanced design for carrying ease.

Rear entry regulators for better balance on the small cylinders.

Waterproof storage compartment for small items.
