

Product Name :
Green Chemistry Detergents and The Environment

Product Code :
NLAB-EDUSCHOOLEQ115002

Description :

Green Chemistry Detergents and The Environment

Technical Specification :

Demonstrate and monitor the effects of two detergent builders on natural water samples.

There are enough materials for 15 groups.

Teacher's manual and student copy masters are included.

Understand the consequences of cultural nutrient overloading on the aquatic environment.

Recognize that there may be alternative, more environmentally-friendly alternatives in typical consumer chemical goods.

Visually quantify the differences between phosphate and non-phosphate detergent builders on aquatic organisms
