

Product Name :
Gunn Diode

Product Code :
MCW0004

Description :

Gunn Diode

Technical Specification :

These Gunn diodes are useful for low Power transmitters and local Oscillator used in the detection of moving targets in such applications as speed control radars, radar detectors, intrusion alarm systems, door openers and commercial marine navigational radar. These low power diodes can also be used in control applications such as near object direction for vehicles, and door openers. We are providing Gunn diodes from 4Ghz to 110Ghz.
