

Product Name : Inductor Coil Set	Product Code : NLAB-SCHOOLABS14010
--	--

--

Description :

Inductor Coil Set

Technical Specification :

Used to study the principle of inductance that occurs in Winding according to the law of lenses and Faraday's law Perform over 7 experiments such as electromagnet activity, coil emf activity, jump ring activity including inductor coil, metal rod, ring, light bulb, buzzer, light-emitting diode and motor.
