

**Product Name :**  
Measuring Microscope

**Product Code :**  
NLAB-EDUSCHOOLEQ173051

**Description :**

Measuring Microscope

**Technical Specification :**

This measurement microscope is a heavy duty industrial instrument. This microscope is well suited for wide range of metallurgical or industrial observation and measurement application as well as high resolution photo/video microscope. Microscope delivers crisp, distortion-free, high resolution images in bright field mode.

**Features:-**

Heavy Duty Rugged Design.

Optics can be released or lower to fit odd specimen.

Powerful LED incident (Reflected) illumination with variable intensity controller.

Coarse and fine focussing control.

X- Y measuring stage 125x125mm on ball bearing. Easy measurement operation is achieved through most precise Standard Micrometer 0-25mm (Least Count 0.01mm).

S. Plan Episcopic Metallurgical Objective: 3x, 4x and 10x.

Halogen incident illuminator with two filters (Blue and Green) and variable intensity control.

Monocular Viewing Head at convenient angle.

Wide Field High Eye point Eyepiece 10X with Cross.
