

Product Name : Meat Infusion Powder	Product Code : NLAB-CHEMICALSIND20013
Description :	
Meat Infusion Powder	
Technical Specification :	
Meat Infusion Powder	
Highly nutritious ingredients, used in standard nutrient media and as an additive in vaccine preparation.	
Principle And Interpretation	
Meat Infusion Powder is specially designed to maximize the growth of highly fastidious microorganisms. It is also recommended as an additive in vaccine preparations. It is employed in laboratory media formulations for mass cultivation of microorganisms for various purposes. When dissolved in water it produces amber coloured solution, which remains clear even after autoclaving. It is equivalent to Meat Infusion Powder.	
Quality Control	
pH: 6.20- 7.20	
Solubility: Freely soluble in distilled/ purified water, insoluble in alcohol.	
Appearance: Light yellow to brownish yellow homogenous free flowing powder, having characteristic odour but not putrescent.	
Reaction: Reaction of 2% w/v aqueous solution at 25°C.	
Clarity: 1% w/v aqueous solution is clear without any haziness after autoclaving at 15 lbs pressure (121°C) for 15 minutes.
