

Product Name :
Pneumatic Training System

Product Code :
NLAB-ENGINEERINGLB45004

Description :

Pneumatic Training System

Technical Specification :

It is well known that "Factory Automation" is an indispensable measure to reduce labor cost, improve production efficiency and achieve higher product quality. It is widely adopted by electronic, semiconductor, LCD and mechanical factories. In factory automation, "air pressuring" plays a very essential and critical role.

The is launched to offer enriched knowledge from basic air pressure components, advanced air-pressure loop design to PLC-based electrical control system. The trainee can prepare themselves to be a high-level automation engineer with the help of the trainer system
