

Product Name :
Spinner 15

Product Code :
NLAB-EDUCNCLAB110023

Description :

Spinner 15

Technical Specification :

Rigid Turning Center:-

The robust machine structure of Spinner 15 supports best surface finish and high metal cutting capability with high accuracy for medium diameter components.

Machine Standard Features:-

AC digital spindle drive

Quality electrical devices with air-conditioned panel

1 No axial tool holder

AC digital servo drive for both axes

Linear motion guideways for X and Z axes

3 Nos boring bar holders

Coolant system

Centralised and programmable lubrication

8 station bi-directional turret

Controlled temperature, humidity, and dust free electronics

Lube oil collector

Optional Accessories:-

Hydraulically operated tailstock

Rear or side chip conveyor

Bar feeder with bar puller

Hydraulic collet chuck

Renishaw probe for auto tool

Auto door

Servo turret with live tools

Part catcher

Reduction sleeves

Tooled up machine to meet customer need

Rotating center for tailstock
