

**Product Name :**  
Taber Rotary Abrasion Tester

**Product Code :**  
NLAB-TESTINGLABM46003

**Description :**

Taber Rotary Abrasion Tester

**Technical Specification :**

The Taber Abrasion Tester is simple to operate, this instrument has been accepted worldwide as a standard for wear and abrasion research, quality and process control, materials evaluation, and product development. Taber Rotary Abrasors are capable of providing reliable data in a matter of minutes, compared to the years that may be required with in-use testing.
