

Product Name :
Taber Rotary Abrasion Tester

Product Code :
NLAB-TESTINGLABM46003

Description :

Taber Rotary Abrasion Tester

Technical Specification :

The Taber Abrasion Tester is simple to operate, this instrument has been accepted worldwide as a standard for wear and abrasion research, quality and process control, materials evaluation, and product development. Taber Rotary Abrasives are capable of providing reliable data in a matter of minutes, compared to the years that may be required with in-use testing.
