

Product Name :
Temperature Measurement and Control (RTD)

Product Code :
NLAB-ENGINEERINGLB52002

Description :

Temperature Measurement and Control (RTD)

Technical Specification :

DESCRIPTION

Here simple demonstration setup is provided to experiment with linear characteristics of RTD (PTC). Here using this setup one can evaluate linear characteristics of RTD (PTC) by verifying actual measured values of temperature as well as resistance. Here as a additional study feature on/off control is also implemented.

SPECIFICATIONS

- Water Bath with heating arrangement.
- RTD (PTC) with necessary signal conditioning & control circuit.
- Thermometer.
- Powder coated enclosure.
