

Product Name :
Twin-Hose

Product Code :
MU915

Description :

Twin-Hose

Technical Specification :

Twin-Hose For acetylene 9 x 3,5 mm and oxygen 6 x 5 mm, at both sides mounted with couplings, length 10 m. The convenient twin hose for oxygen-acetylene cutting and welding is used widely for welding and allied processes in workshops, shipyards, construction sites and factories. The hose for acetylene – oxygen cutting and welding is highly flexible and kink resistant. This twin hose is made entirely of rubber without thermoplastic additions.
