

Product Name : Versatilely Usable Grinding Machine for burins and tools for Different Tool Geometries	Product Code : MU415
---	--------------------------------

Description :

Versatilely Usable Grinding Machine for burins and tools for Different Tool Geometries

Technical Specification :

Features:
Universally applicable by versatile slewing and setting options
Lots of slewing and setting options to manufacture gravers (cylindrical, centric, conical)
To grind stamps, twist drills, electrodes, lathe tools, centering tips, etc.
High precision due to robust machine body and vibration-free driven precision grinding spindle
Easy handling and operation
Index head with 24 locking positions
Including 5 pcs. of collets 5c
Adjustable extractor device
Machine data
Electrical connection 400 V / 3 Ph ~50Hz
Motor power 370 W
Speeds
Speed grinding wheel, diamond 5000 min-1
Grinding speed 35 m/s
Speed motor 2750 min-1
Travels
Travel tool holder 140 mm
Fine adjustment tool holder 18 mm

Fine adjustment length axis 6 mm
Adjustable angle
Vertical /rear 00 - 400
Horizontal / taper grinding 00 - 1800
Negative angle 00 - 520
Locking position turning angle 150 1800
Collet attachment
Clamping range Ø 1 - 16 mm
Collet type 385E (5C) , DIN 6341
Dimensions:
Length x width x height 350 x 450 x 350 mm
Net weight below 50 kg
