

Product Name :
Worm and Worm Wheel

Product Code :
NLAB-MECHANICALAB240056

Description :

Worm and Worm Wheel

Technical Specification :

We manufacture and supply worm wheels for all types of worm gears such as non-throated, single throated and double throated. These wheels are fabricated into various designs, dimensions and other specifications. These wheels possess conclave faces to fit the curvature of the worm pinion to provide high angular velocity between the shafts. We use both ferrous and non-ferrous metals for making our worm wheels.
